

About Us

For over 200 years, Banco do Brasil has provided efficient, trustworthy banking to Latin America and over 20 countries around the world. In the spring of 2012, Banco Do Brasil set out to expand its model of quality and service, as well as assist its clients worldwide, by acquiring Eurobank Florida. Banco Do Brasil Americas was established to create a solid, reliable presence in the US market. The transition from Eurobank to Banco do Brasil Americas is now complete. Improvements and upgrades to operational systems have been made to better serve existing and future customers alike. Four branches are currently open in Brickell, Boca Raton, West Boca Raton and Pompano Beach.

Financial transactions and services include checking accounts, savings accounts, time deposits, debit and credit cards and domestic and international funds transfers. Each branch is staffed with attendants who speak English, Portuguese and Spanish for the convenience of our multicultural clients. Additionally, Internet banking and online bill payment options are available so that our customers can access their accounts from home or anywhere in the world. In addition to providing the high quality banking, Banco Do Brasil Americas plans to continue the proud tradition of its parent company by extending support to the local communities it serves.
